RELEASE OF BOND, ML 26607 GILSONITE JB

Gene Cales posted a \$2,000, CD# 77819, Diamond Thrift Certificate as bond to cover his operations on the above numbered lease on April 21, 1980. Mr. Cales is no longer the operator on this lease, and he has assigned his interest in this bond to Midas Gilsonite. A replacement bond has been posted by Midas Gilsonite who has signed a Memorandum of Understanding with the Division regarding liability for existing disturbances.

Upon recommendation of Mr. Blake, the Director approved that the bond previously posted by Mr. Cales be released and that it be sent to its present owner, Midas Gilsonite, 989 Jewel Avenue, Salt Lake City, UT 84104.

ACCEPTANCE OF BOND ML 27342 - COAL JB

Beaver Creek Coal Company has submitted Surety Bond #8089-81-98 in the amount of \$4,227.00, with Federal Insurance Company as surety. This bond is to assure mineability of coal resources from the presently developed Gordon Creek #6 Mine, Castlegate A seam, on the above numbered lease, (such coal resources are feared in jeopardy of loss from recovery as a result of pillaring operations to be conducted in the Gordon Creek #3 Mine, Hiawatha seam). The bond is to be held in force for a period of ten years, or until actual mining of the Castlegate A seam resumes on the State lease.

This bond appears in order and upon recommendation of Mr. Blake the Director accepted this bond.

APPROVAL OF SAND AND GRAVEL LEASE MLA 39295 *gB*

The Department of Transportation has submitted the above numbered application for a sand and gravel lease on the following described lands:

T23S, R13E, SLM	Emery
Section 36: NW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$	80.00 acres

These lands are located astride Utah Highway 24 about 12 miles South of I-70, and about 30 miles from the DOT project site. The need is for an estimated 20,000 c.y. of sand to be used in resurfacing a portion of I-70. The plan is to extract the sand from the bed of Iron Wash, which is an intermittent stream. Reclamation will occur naturally as the wash receives runoff.

Upon recommendation of Mr. Blake, the Director approved a five year lease be issued with a minimum production royalty rate of 20¢/c.y.

REINSTATEMENT OF MLA 39166 OIL, GAS & HYDROCARBON *gB*

The below described application was rejected on April 27, 1981, as "not being State land".

MLA 39166	T30S, R4W, SLM	Piute
Margaret F. Hinkel	Section 16: Lot 3	35.16 acres

It has now been documented that this tract is indeed State land and the Division records have been amended accordingly. Upon recommendation of Mr. Blake, the Director approved the reinstatement and approval of this lease.

CANCELLATION OF SAND & GRAVEL LEASE, ML 27757--UTAH DEPARTMENT OF HIGHWAYS *gB*

The above sand and gravel lease has reached the end of its primary term and is not in commercial production.

Upon recommendation of Mr. Blake, the Director approved the termination of this lease.
